

SAUD OUDAH AL-BALAWI

Computer Science Specialist | Cybersecurity & IT Enthusiast

☎ +966 565336804 ✉ soud6804@gmail.com 📍 Al-Wajh

PROFESSIONAL PROFILE

Motivated Computer Science graduate with a strong academic record (GPA 4.54/5.0) and a strong interest in Information Technology and Cybersecurity, Passionate about learning and applying foundational concepts in IT infrastructure, network security, and cyber defense to support secure and efficient systems, Known for analytical thinking, eagerness to develop technical skills.

CORE COMPETENCY AREAS

- Computer Science Fundamentals.
- Information Technology Basics.
- Networking & System Concepts.
- Cybersecurity Awareness.

PROFESSIONAL EXPERIENCES

Al-Nahda Clinic | Al-Wajh, Saudi Arabia

Data Entry Intern | Sep 2023 – Dec 2023

- Managed and optimized patient database systems, ensuring 100% accuracy in medical records and appointments.
- Maintained strict confidentiality and data integrity standards in accordance with healthcare regulations.
- Streamlined administrative processes through efficient data handling and healthcare information systems.

ACADEMIC BACKGROUND

University of Tabuk | Saudi Arabia

2020 – 2024

Bachelor's Degree in Computer Science | GPA: 4.54 (Distinction with Honors)

CERTIFICATIONS & COURSES

- Cybersecurity Fundamentals | IBM SkillsBuild | Sep 2025
- Fundamentals of Artificial Intelligence | SDAIA | Sep 2025
- Artificial Intelligence Fundamentals with Capstone Project | IBM SkillsBuild | Aug 2025
- English for Tourism Program | Red Sea Global | Nov 2025 – May 2026

TECHNICAL & PROFESSIONAL SKILLS

Programming & Software Skills

- Programming Fundamentals (Java, HTML, PY).
- Object-Oriented Programming Concepts.
- Basic Data Structures & Algorithms.

Cybersecurity Fundamentals

- Information Security Principles.
- Cyber Threat Awareness & Risk Basics.
- Secure Systems & Data Protection Concepts.

Information Technology Skills

- Computer Hardware & Software Fundamentals.
- Operating Systems (Windows, Linux) Basics.
- Networking Fundamentals (LAN, WAN, TCP/IP).

Soft Skills

- Analytical Thinking & Problem Solving.
- Technical Communication & Reporting.
- Adaptability & Continuous Learning.

LANGUAGES

- Arabic: Native.
- English: Proficient.
